

Project Guide: MEMORIES IN MOTION

Celebrating Our Relationships

This Friendship Book project guide is an excellent activity to improve family bonding for parents, grandparents, and kids. It encourages family members to share positive and loving qualities about each other, promoting self-esteem and positive self-image. This activity also promotes writing skills for kids, allowing them to express their feelings and emotions creatively. By working together to create the book, families can create a meaningful and long-lasting keepsake that can be cherished for years to come.

LET'S DO IT!

Create a book where each family member writes down qualities they admire in each other or memories they share. You can use a notebook, journal, or scrapbook to create the book. Start by decorating the cover and adding a title. Then, have each family member take turns writing down the things they admire about each other or the memories they share. You can also include pictures or drawings to make the book even more special.

We hope you enjoyed this project guide and had fun creating your Friendship Book together as a family. Don't forget to check out our website, www.writewithyourkids.com, for more project guides, activities, and our published books. We believe that writing can be a fun and enjoyable activity for families, and we're excited to share more ideas with you!
